

6 - WEEK CLASS

Have you had a difficult time advocating for your child or teen in school? Basics is for parents and caregivers of children under the age of 18 living with mental health challenges and looking for support and education.

- Managing crises and solving problems
- How to take care of yourself and handle stress
- Support your child with compassion
- Advocating for your child's rights
- Learning about current treatments
- Gaining an overview of the public mental health care, school, and juvenile justice systems and supporting resources to help you navigate these systems
- Understanding the challenges and impact of mental health conditions on your entire family
